NEW SERIES NO. 35

CONSTITUTION OF  
NEW INTER-FRAT  
BODY SUBMITTEDNew Constitution Is Sent To  
Member Fraternities for  
ratificationREORGANIZATION WORK  
OF COMMITTEE ENDEDFinal Organization of Group  
Dependent on Acceptance  
of Charter

Copies of the proposed constitution of the new inter-fraternity council have been sent to member fraternities of the campus for ratification, subsequent to which it will be adopted by the new Greek union. Its adoption rests upon its ratification by all of the member fraternities.

The Pan-Hellenic council of preceding years has been reorganized under the guidance of a reorganization committee composed of:

Dean C. R. McElher, Capt. Clyde Grady, Dean W. E. Freeman, Prof. Roy Moreland, Mr. M. J. Crutcher, Mr. James Shropshire, Mr. Lawrence Crump, Gordon Burns, Horace Miner, Richard Clark, H. V. Bastin, Harvey Mattingly, and Harry Dies.

The group will have the following objectives in its program:

1. To maintain membership in the National Interfraternity conference.

2. To sponsor a pledge banquet after the completion of fall pledging.

3. To hold an annual Greek convocation.

4. To exchange dinner guests on the nights of council meetings. Also to promote a weekly exchange of three dinner guests.

5. To create and maintain goodwill between fraternity and non-fraternity men.

6. To discourage the present over organization of the campus, and to seek and maintain a point of satiety thereof.

7. To favor the appointment and election to offices and to honoraries on a basis of merit, rather than politics.

8. To maintain University and campus traditions.

9. To support such activities as:

The Interfraternity Purchasing corporation; SuKy's homecoming and pep rallies; Class reunions; O. D. K. inter-fraternity sing and a Student Union building movement; Y. M. C. A. activities.

Constitution of the Interfraternity Council of the University of Kentucky

ARTICLE I

Name—The name of this organization shall be the Interfraternity Council of the University of Kentucky.

ARTICLE II

Membership—This organization shall consist of one delegate from each men's fraternity which has had its social status recognized by the University for at least four years.

ARTICLE III

Object—The object of this Council shall be:

(1) To establish and maintain harmonious relationship among fraternities.

(2) To promote cooperation between fraternities and the University of Kentucky.

(3) To encourage a high standard of scholarship.

(4) To advance the best interests of the University and the fraternities, and to foster all activities which will further these ends.

ARTICLE IV

Officers—The officers of this organization shall be president, vice-president, secretary and treasurer, whose duties shall be those designated by parliamentary law.

Will Provide Music  
February 24

## IS 9 TO 1 DANCE

Two of Lexington's most talented young musicians will present the Sunday afternoon musicale in the Memorial auditorium at 4 p. m. Sunday, February 19, 1933. They are: Richard Allison, baritone, and David Young, violinist. Mr. Allison will have as his accompanist, Mrs. Frank C. Foxworth, while Mildred Lewis will be at the piano for Mr. Young.

Richard Allison is a student in the College of Agriculture. He has been actively engaged in musical activities in Lexington for several years. He was the winner of the Kentucky Atwater-Kent audition last year and won second place in competition with ten young men in the Dixie audition held at Atlanta, Georgia in November. He is soloist at the Second Presbyterian church. During the past season Mr. Allison has given numerous concerts in central Kentucky cities and has always won praise from his audiences with his beautiful voice and splendid artistry.

David Young, talented young pupil of Prof. Carl Lampert has won an enviable position for himself in musical circles. He is concert master of the University Philharmonic Orchestra; has appeared frequently as soloist at University affairs; is a featured artist on the Fine Arts program each Monday over radio station WHAS and frequently appears as solo violinist at the First Methodist church in this city. Mr. Young is a fine, sincere young musician who has developed remarkably in the past two years. His playing is always worthy of high praise.

The following program will be presented:

(a) Bois Epais, Lully; (b) Twilight, Teasdale-Glen; (c) A Spirit Flower, Campbell-Tipton; Richard Allison, Mrs. Frank C. Foxworth at the piano.

II. Sonata No. 1, Opus 8, Grieg; Allegro con brio—Allegretto quasi andante—Allegro vivace; David Young, Mildred Lewis at the piano.

II. Prologue from "I Pagliacci," Leoncavallo; Mr. Allison.

IV. (a) On Wings of Song, Mendelssohn-Achron; (b) Cadiz, Albeniz; Mr. Young.

V. (a) A Kingdom by the Sea, Somerville; (b) Just for Today, Seaver; (c) Ma' Lindy Lou, Lily Strickland; Mr. Allison.

VI. Agnus Dei, Bizet—Mr. Allison and Mr. Young, Mrs. Foxworth at the piano; Mrs. E. A. Cheek at the organ.

Freak Lamb Sent  
To Prof. HorlacherAnimal, One of Twins, Born  
Minus Head and Tail;  
Has Two Legs

A most unusual and highly interesting case of deformity in the form of a new born lamb has been received by Professor Horlacher of the department of agriculture.

The lamb, one of twins, has only two legs and no sign of head or tail. After the arrival of the lamb at the Agricultural department an X-ray picture was taken in an effort to throw some light upon this strange freak of nature. The X-ray picture showed that the only bones in the body were those in the two legs and a partially formed pelvic girdle. Professor Horlacher stated that to his knowledge this was the only case of its kind. The other one of the pair was a perfectly normal lamb at birth and has since birth been making the average progress in growth. This deformed animal has been turned over to Doctor Brown who is having his embryology class dissect the animal.

Mr. Allen Thomas, Shelby county, on whose farm the animal was born, sent the "freak" to the University.

Kate Smith has a broad smile but it has been known to fade. In fact, her features expressed no good feeling recently when the engineer of the train upon which she was traveling remarked after reaching her destination:

"Well, we finally got her over the mountain but it took two engines."

The registrar's office wants all Lexington students who did not give their address at registration to turn these addresses to that office within the next few days. It is necessary to do this in order to get names and addresses in the new student directory.

Beta Sigma Alpha, campus scout fraternity, will meet at 7:30 p. m. Friday, February 17, at the University Y. M. C. A. This will be an important session and all members are urged to come.

WILLIAM H. NICHOLLS  
Secretary

Alma Magna Mater will meet at 4 p. m. Wednesday, February 22, with Mrs. Frank L. McVey. All students, one of whose parents attended the University at any time, are cordially invited to attend.

WILLIAM H. NICHOLLS  
Secretary

At the last meeting of Pi Mu Epsilon, which was held Thursday, February 9 in McVey hall, new members were proposed who will be voted upon at the meeting to be held March 9. Dr. C. G. Latimer spoke on "Factorization and Algebraic Numbers." Prof. H. H. Downing of the Mathematics department will address the group next time.

A. S. M. E. MEETS

The American Society of Mechanical Engineers met at 10 a. m. Wednesday in the Heating Engineering room in Dicker hall. They had as their speaker Prof. C. S. Crouse, head of the department of metallurgy. His subject was "Mining and Purification of Copper."

Plans Will Be Submitted at  
the Meeting Next Week

The committee in charge of arrangements for the SuKy dinner dance, March 3, in honor of lettermen of the football and basketball squad were appointed at a meeting of the circle, Tuesday.

Plans for the banquet will be submitted to the organization for approval at the meeting next week. Ted Cassady and Billy Phelps were appointed as a committee to secure an orchestra for the affair. The committee which will have charge of the invitations and general arrangements is Alice Lang, Bettie Boyd, John Carter, and Wilford Graves.

Other business which was conducted at the meeting included the preparation of the roll of members for the semester.

## New Cadet Colonel

MARY KING MONTGOMERY

Cwens-O. D. K.  
Sponsor First  
Sing ContestGold Loving Cups Are Pre-  
sented to Winning  
Groups

Kappa Kappa Gamma sorority and Delta Tau Delta fraternity won the annual O. D. K.-Cwens interfraternity sing held last night in Memorial hall. Chi Omega and Delta Delta Delta sororities came second and third respectively in the contest of girls, while Alpha Sigma Phi fraternity placed second for the boys.

Members of the winning girl team were Betty Boyd, Frances Dempsey, Gladys Gilroy, Mary King Montgomery, Mary Dantizer, Elizabeth Woodward, Alice Woodward, Lucille Thornton, Dorothy Curtis, Nancy Belle Moss, Alice Pennington, Anna Payne Perry, Martha Alder, and Virginia Boyd, pianist.

Members of the Delta Tau Delta group were Dick Fuller, Cameron Coffman, George Akin, Jack McConnell, Combs Blanford, John Thorn, Bruce Davis, Ned Turnbull, Fred Scott, Roscoe Stephens, Temp Thornt, Jack Crain, Justus Baron.

All of the social sororities and a group of Lexington girls and four fraternities participated in the places will be exceedingly difficult to fill.

Although they have previously defeated the Commodores the 'Cats are not so sure they will be able to turn back the Tennessee aggregation, for they remember little "Skinny" Huggins and the "Garrison" finish the Black and Gold team put on last year in the Euclid avenue gym.

However, if no injuries or illnesses ensue, the 'Cats will have a good chance of getting revenge for the loss suffered last year. The Big Blue, following its great battle with the Crimson Tide of Alabama in Birmingham, Monday night, has been turning on full power and looks its best of the year.

Rupp's team, although beaten by Ohio State, present leader in the Big Ten, and having split even with Creighton of the Missouri Valley conference and South Carolina of the old Southern conference, has enjoyed a great season. The 'Cats have demonstrated their greatness offensively and defensively. Capt. "Aggie" Sale, "Frenchy" DeMoisey and all the rest played real ball against the Tide Monday and put up a great defense in the last few minutes that put the game safely away.

Following the Alabama game the 'Cats have been working hard for the Commodores game for they realize its importance. If they lose, the 'Cats drop from the leadership in the Big Thirteen. The entire team is fit and ready to go against the Vandy team tomorrow night.

Fraternities participating in the singing were Delta Tau Delta, Phi Kappa Tau, Alpha Sigma Phi, and Sigma Chi.

Members of Omicron Delta Kappa not in the choruses ushered Harry Emerich, Horace Miner, John Kane, Charlton O. Wallace, Ira C. Evans, and Howard Baker.

George Stewart, president of O. D. K. acted as master of ceremonies. Gold loving cups were presented the winners in each division.

Followers for Cwens were: Misses Ann Coleman, Phoebe Turner, Marjorie Wiest, Willie Hughes Smith, Mary Carolyn Terrell, Betty Dimock, Dorothy Day, Mildred Holmes, Mary Higgins, Bettie Boyd, Jean Foxworth, and Virginia Rutherford.

Ushers for SuKy were: Mr. E. G. Trimble, Mrs. Walter Price, presided.

February 6—"Question of Disarmament," Mr. E. G. Trimble, Mrs. Walter Price, presided.

February 13—"The Ottawa Conference and Some Possible Results of It," Mr. Ellery Hall, Mrs. Winona Jones, presided.

The following will be the subjects for the next two meetings:

February 20—"The Present Economic Situation," Mr. Robert Haun, Miss Sarah Blanding, presiding.

February 27—"The Financial Situation in Foreign Countries," Mr. James W. Martin, Miss Margaret McLaughlin, presiding.

The officers of the class are Mrs. Frank L. McVey, chairman; Miss Sarah Blanding, vice-chairman; Miss Margaret McLaughlin, secretary; Miss Norma Cass, Miss Mildred Simmons, committee on man A. Bureau, Mrs. Alvin Evans, chairwoman; Mrs. Albert Olney, Mrs. E. men of committees on arrangements.

The following will be short and the entire program will not last more than an hour. The purpose is to make the program a series of group stunts to include as many members of the sororities as possible. The plan was approved in a meeting of W. S. G. A. that the presidents of sororities make it compulsory for all actives and pledges of the sororities to attend the program. Stunts will be informal and probably will be take-offs on campus personalities and organizations.

Programs for the event will be mimeographed and will contain the titles of the skits prepared by the various sororities, and also news articles concerning the new Women's building. Names of the sorority representatives who will be in charge of arrangement of skits are as follows:

Kappa Delta, Jane Ann Matthews, Hazel Nollou; Kappa Kappa Gamma, Alice Pennington; Delta Zeta, Mary Higgins; Boyd hall, Virginia Lee Moore, Martha Lewis; Alpha Xi Delta, Katherine Smoot; Chi Omega, Virginia Rubel; Zeta Tau Alpha, Dorothy Megown; Alpha Gamma Delta, Marian Pinney; Alpha Delta Theta, Fern Osborne, and Tri-Delta, Rose Mary Balch, Virginia Hatcher.

In a meeting, members of W. S. G. A. approved a plan of exchange of dinner guests among sororities and the announcement was made that exchange dinners will be scheduled on Wednesday night of every other week, beginning March 1. A program of the plan of exchange will be prepared by Lois Neal, who will be in charge of notification of members of the plan of exchange.

Plans Will Be Submitted at  
the Meeting Next Week

The committee in charge of arrangements for the SuKy dinner dance, March 3, in honor of lettermen of the football and basketball squad were appointed at a meeting of the circle, Tuesday.

Plans for the banquet will be submitted to the organization for approval at the meeting next week. Ted Cassady and Billy Phelps were appointed as a committee to secure an orchestra for the affair. The committee which will have charge of the invitations and general arrangements is Alice Lang, Bettie Boyd, John Carter, and Wilford Graves.

Other business which was conducted at the meeting included the preparation of the roll of members for the semester.

Engineering assembly on either March 15 or on February 27.

Mr. Scrugham is a graduate of the Engineering college of the class of 1900 and received his M. E. in 1906. In 1910 he became instructor in mechanical engineering at the University of Nevada and later became dean of that university. He was elected governor and recently has been elected to represent Nevada in Congress. During the World War he was made colonel of light artillery production.

HEALTH SEMINAR MEETS

The health seminar, which was organized last year by Dr. J. S. Chambers and Mr. Brooks Hamilton for those interested in public health held its first meeting for this semester at 4 p. m. Tuesday, February 14, in the Medical Library room on the fourth floor of the library.

The fete is made possible by the co-operation of music directors, superintendents, teachers, educators, and music organizations throughout the state, with the motto in mind: "Not to defeat an opponent nor to win a prize, but to emulate the best."

This year, in the interest of a more progressive program, a new practice is being followed in that competitive schools are given more latitude in the selection of test numbers. Accordingly, each institution will be allowed three choices toward selecting the number that will be presented in competition.

The program that has been arranged affords an opportunity for any school that has been registered as a contestant in the office of the Extension department to compete in any type of musical program.

MUSIC FESTIVAL  
DATE IS APRIL 13High Schools From All Over  
State Are Expected at  
University to Compete in  
Contest

High schools from all parts of the state are expected to be represented at the Annual Kentucky High School Music festival to be held April 13 to 15 at the University. The festival is designed to stimulate interest in music in high schools and to raise the standards of the high school musical education.

The fete is made possible by the co-operation of music directors, superintendents, teachers, educators, and music organizations throughout the state, with the motto in mind: "Not to defeat an opponent nor to win a prize, but to emulate the best."

**'SO AT LAST—'**

After two months of deliberating, holding special meetings in order to hear and reheat student petitions and properly investigate recommendations made, the Athletic Council has filed its report to President McVey. This report would have been made at an earlier date had not student protestants asked for delayed opportunities in order that they might bring forth further reasons along with the recommendations offered.

The exact nature of the reports' contents has not been made public and will not be released until Sunday. However, nothing startling is expected to be found in the Council's action on the football situation. Most of the attention was focused on the financial side of the recommendations both in the coaching and general business staffs. Whether any member of the staff of the Athletic Association has been released or his or her salary reduced will be known in a few days.

**NEW DIRECTORY**

A new student directory will be off. The Kernel press in approximately ten days. October marked the distribution of the first directory compiled since 1929. The present publication will be the second issued this year.

On the surface it would appear that this latest directory is a needless expenditure of money. For the earlier booklet, while lacking timely accuracy as the result of a new registration period, might suffice for the remainder of the year as its predecessors have sufficed in the past.

From circumspect consideration, however, the publishing of the supplementary issue is commendable. The undertaking will not be nearly so expensive as it appears.

Type forms from which the first directory was printed have been saved, and minor alterations necessitated by mid-semester enrollment changes, can be made quickly and conveniently. Resetting of type, involving the major cost in any printing job, has been largely eliminated. The negligible expense involved in the new publication will repay the University a hundred fold in the convenience it affords.

This new arrangement of issuing a directory every semester is worthy of comment. Its semi-annual publication will greatly aid students and faculty in contacting with each other; it will offer up-to-date information concerning the entire University personnel.

The Kernel whole heartedly approves of the procedure being undertaken this year for the first time and congratulates those responsible for their foresight and thought in preparing the new directory for the University. Herewith is offered another example of the University's efforts to provide information concerning its students and staff members for those who desire such information.

**LAST GAME**

With the score of Saturday's game between the Vanderbilt and Kentucky basketball teams still in the offing, we are, unwilling enough, yet nevertheless forced to acknowledge an invaluable loss. Saturday "Aggie" Sale, "Big George" Yates, Darrell Darby, and Ellis Johnson play their last home game. They are, for the final time, pushing Kentucky's basketball over the home floor. We consider with much regret this loss of four veterans of the game whose records may well serve as a challenge to successive aspirants. They have kept the fight—have fought, and given us faith to hope. Win or lose, we are equally proud of our star quartet of basketball fame.

**POTATOE AND CONTACTS**

Perhaps, in no other field is the University of Kentucky so contributory to the development of the State as is agriculture. The present publication and distribution of the bulletin on the "Agricultural Outlook in Kentucky for the Year 1932" exemplifies the most recent contribution of the extension department of the College of Agriculture.

Published in cooperation with the United States Department of Agriculture, the bulletin is extensive in the values it affords farmers. All available information on important farm products has been interpreted so that agriculturalists may have at their disposal significant data to aid them in coping with forthcoming seasons.

The bulletin has a diagnostic as well as a prognostic value. An exhaustive study and report has been included which compares the probable conditions this year with those of a year ago. Farmers may receive incalculable benefits from this bulletin which bears directly upon agricultural conditions of their state.

The bulletin is a diagnostic as well as a prognostic value. An exhaustive study and report has been included which compares the probable conditions this year with those of a year ago. ## SOCIETY

ELIZABETH HARDIN, Editor Phone Ashland 6990

## FOR YOU

When I most seem to fail to sense  
Your thought, or understand—  
Or when my glance is cold, or when  
My hand seeks not your hand—  
Think not that what I seem to be  
Is then the real, the only me!  
Know that beneath the foolish words  
I say, the glance that tells  
You nothing—that which you possess  
Always, in silence dwells.  
Know that I know you when I pass  
Swift and unspeaking by—  
Know that I love you when I seem  
Not to have heard you sigh.

MARY DIXON THAYER.

## To Hold Open House

The members and pledges of Alpha Xi Delta will entertain the non-fraternity men on the campus with an open house this afternoon. All are invited to attend.

## McVey Tea Wednesday

At their usual Wednesday afternoon tea this week, Pres. and Mrs. Frank L. McVey were assisted by Mrs. T. T. Jones, who presided at the table, and Misses Virginia Nevins, Winnie Sinclair, Katherine Wilson, Nelle Hinton, Nancy Duke Lewis, Virginia McClure, Marian Roundtree, Mary Alice Salyers, Betty Sewell, Ada Howard, Christine Rhea.

Messrs. Donald Auten, A. P. Taylor, Charles Tucker, Lon Baker, Robert Salyers, Charles Saunders, Robert Stewart, Morton Walker, and Richard Weaver.

## Kappa Delta Dinner

The Mother's Club of Kappa Delta sorority will entertain Monday evening at 6:30 o'clock with a dinner at the chapter house. Mrs. W. W. Dimock, president of the club, is in charge of arrangements. The list of guests includes the pledges, active chapter members, alumnae, and their mothers.

## Chi Delta Phi Meets

Chi Delta Phi, woman's honorary literary fraternity held its first meeting of the semester Sunday afternoon at 3 o'clock at the Canterbury Cottage.

Miss Virginia Pulliam presided over the business meeting. Miss Pulliam succeeds Mrs. Meyer Freymann as president of the organization. Mrs. Freymann's term of office expired with her graduation from the University in February.

Following the business meeting the members enjoyed light refreshments.

## Dinner for Mortar Board

Mrs. George Smith, patroness of Mortar Board, will entertain Saturday night at 6:30 o'clock at her home on Ridgeway Road, with a dinner for the active chapter of Mortar Board.

The active members of Mortar Board are Misses Eleanor Dawson, Jane Dyer, Lois Neal, Ann O'Brien, Mary Elizabeth Price, Mildred Neal Schneider, and Ruth Wehle.

## Current Dances

The following dances will be given this week-end:

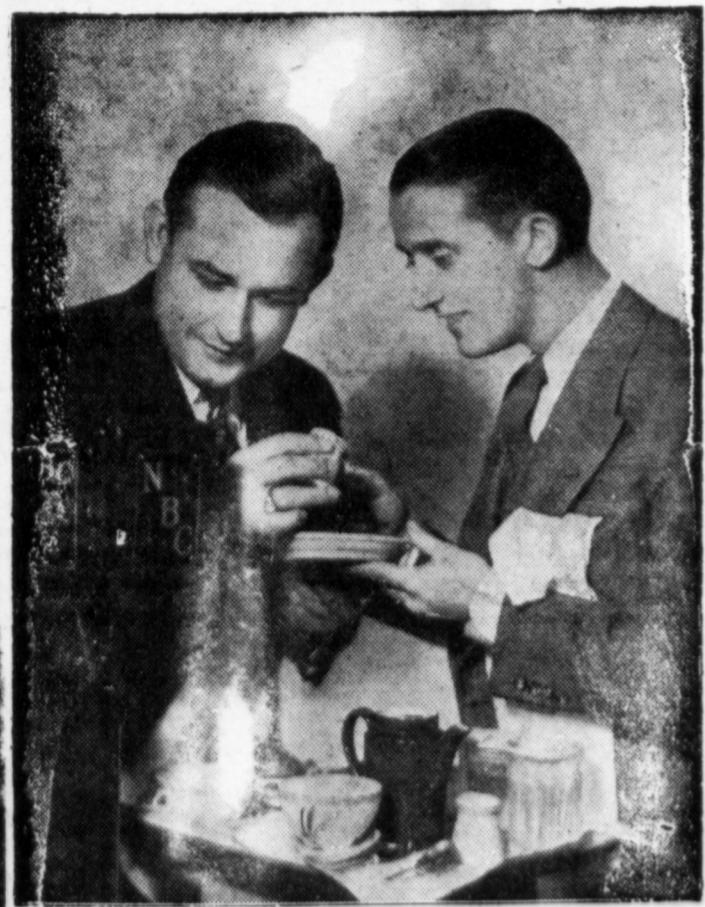

Friday — Sigma Alpha Epsilon dinner-dance, 6 p.m., Chapter house. Triangle dinner-dance, 6:30 p.m., Chapter house.

Saturday — Campus Club house dance, 9 p.m., chapter house. Alpha Gamma Rho house dance, 9 p.m., chapter house. Delta Delta Delta formal dance, 9 p.m., Lafayette hotel.

## Kappa Sigma Conclave

Beta Nu chapter of Kappa Sigma fraternity will be host to the ninth district conclave to be held in Lexington from Friday, February 17, through Sunday, February 19.

## GENE AND GLENN WITH JAKE AND LENA COMING TO KENTUCKY THEATRE

Gene and Glenn, N. B. C. radio stars, the Sohio Boys with "Jake and Lena," will appear in person at the KENTUCKY THEATRE, Sunday, February 19. They will appear this one day only at all shows throughout the day.—adv.

Carol Ball at 346 S. Upper Street. Mr. Robert Ball of the University of Illinois is visiting his brothers, Carol and Ralph Ball. He is staying at the Delta Chi house.

## SPRING FOOTBALL PRACTICE IS RESUMED

By HENRY C. McCOWN

After a two-week layoff, due to inclement weather, Coach Harry Gamage's Big Blue team took the field Wednesday afternoon and resumed their Spring practice. About 50 aspirants for this season's Wildcat squad turned out for the practice.

Spring practice was originally started the fourth of the February, but the Wildcat grididers were able to get in only three days of practice before bad weather set in. Spring practice, this year, will consist of about 30 practice sessions. Practice will be held only on days when the weather permits and will probably continue for some time.

So far, only the members of last year's Freshman squad and Varsity substitutes have reported for practice. Coach Gamage, assisted by Coaches Shively, Campbell, and some of the seniors of last year's team, intend to spend the greater part of Spring practice time on the men in order to have them on a par with the letter men of last year's team when they report during the latter part of Spring practice.

Those present were Misses Lake Katherine Carpenter, Lillian Godan, Frances Lutes, Ruthie Combs, Mary T. Edwards, Nell Moore, Mary Quick, Emily Gross, Eleanor Reed, Princess Johnson, Carolyn Chase, Mary Gentry, Mrs. J. W. Craig, and Mrs. Wilgis Bach.

## Zeta Tau Alpha Dinner

The Alpha Chi chapter of Zeta Tau Alpha entertained with a six o'clock dinner at the chapter house Wednesday night. A delicious buffet dinner was served to approximately 50 guests.

After the dinner the active chapter sang a number of fraternity songs. Later dancing was enjoyed.

Among those present, exclusive of the actives and pledges, were: Miss Sarah Blanding, Mrs. Holmes, Mr. and Mrs. McFarren, and Misses Sara McDowell, Betsy Browne, Sue Ann Irvin, Vera Kerr, Isabelle Knight, Elizabeth Bulle, Winifred Sinclair, Eleanore Knight, Elizabeth Stewart, Maxine Randolph, Mae Gordon Squires, Jo Steely.

The guests were received by Mrs. A. B. McCormick, house mother, Mrs. W. E. Davis, advisor, and Miss Dorothy Teegarden, president.

## Alumnae Meet

The Lexington Alumnae of Alpha Xi Delta held their regular meeting at 7 o'clock Wednesday night at the chapter house on South Limestone, with Miss Louise Broadus presiding.

Newly elected officers of the organization are Misses Louise Broadus, president; Katie Davis, vice-president; Louise Wheeler, secretary; Mary Lynn Hudson, treasurer, and Lucile Cartel, publicity.

## FRATERNITY ROW

The Mother's Club of Alpha Xi Delta will meet Tuesday afternoon at 2:30 o'clock at the chapter house.

Triangle fraternity announces the pledging of Thornton Lewis, Jr., of Orange, N. J.

Miss Hallie Howard, Cynthia, was a visitor at the Alpha Xi Delta house Wednesday.

Alpha Delta Theta will hold open house Friday for the Sigma Alpha Epsilon fraternity.

Sigma chapter of Alpha Lambda Tau announces the pledging of Messrs. Lawrence C. Jenkins, Frankfort, Ky.; Melvin H. Hukle, Lexington, and Harold Runyon, Ewing.

Mrs. Ralph Ball, Elkhart, Indiana, is now in Lexington visiting her sons. Mrs. Ball is staying at the home of her daughter-in-law, Mrs.

## Sophomores Hear Prof. W. Freeman

Prof. W. E. Freeman was the speaker at the sophomore engineering collateral which was held at 10 a.m. Wednesday in room 111 McVeigh Hall. His subject was "The Art of Communication."

Professor Freeman told of the ways that man communicated with each other before the discovery of the telephone in 1876 and telegraph in 1837, and development of the radio since 1915. He said that there were 33 million telephones in the world and approximately 97 per cent could communicate with each other.

The speaker declared that communication will create and increase mutual understanding and will avoid many misunderstandings which otherwise would lead to strife and war fare. This also will encourage the development of a universal language.

## THE BEAUTIFUL GOLD BALLROOM AT THE

## THE KAMPUS KAT WAITING FOR ADS

## Swell Head Has Ruined More Players Than Broken Collarbones

Everyone well versed in football lore has heard at some time or other of "Gloomy" Gil Dobie, head football coach at Cornell since 1920. He has brought many victories to Cornell teams and before going there he had an unbroken string of victories for 11 years as coach at Minnesota, Washington, and Navy. Here is a new slant on Dobie:

Swelled-head has ruined more football players than broken collarbones and Dobie knows the psychology of the star better than most men.

"Is he the pessimist that they make him out to be? Listen to Dobie's answer to the question: 'Are you a pessimist and do you tell the boys they can't win?'

"If you call facing the facts, being a pessimist, write me down as one. No amount of my saying I have a crew of super-men will change over the boys who come out for football at Cornell. Here and there is a good heavy fellow, willing as can be, but with no football background such as they have at Dartmouth and Princeton and Yale. They just don't come to Cornell to play football."

"In most colleges the freshman team is a feeder for the varsity," says Gil. "We have had no outstanding freshman on our team in the past three years. Compare this with some of our opponents where a wealth of material from the finest prep schools in the country come each year. In many colleges athletes are encouraged by scholarships. The study periods are such that a man can get his football in before dark. Here at Cornell, the only opportunity we have in the whole season for a good daylight practice is on the open Saturday which we have established."

"The daylight time that has been in effect has helped us considerably but it hasn't given us any new material. What good is the daylight when you haven't the men to work with? Most of them with no football experience except what they have acquired here."

"When we have a chance, I tell them so and urge them to exert themselves to the limit. The whole thing resolves itself down to material. The best of coaches have had their day when the material was right. We have had ours."

## INTRAMURAL

By HENRY C. McCOWN

The finals in Intramural handball were decided last week in the Gym Annex with Mauceri, Independent, topping Reuter, Sigma Chi, for the singles crown and Rosa and Block, Kappa Sigma, defeating Bringardner and Forsythe, Sigma Chi, for the doubles championship.

Basketball entries have been closed and the tournament is already well under way with 27 teams entered. This constitutes the largest number of teams ever to be entered in Intramural basketball.

Bowling entries have also been closed with seven teams entered. Each team is required to practice at least once each week until the tournament which will be run off the latter part of next month.

## Basketball

1. The winner and runner-up in each division go to the final elimination tournament.

2. Ties will be played off within the final elimination tournament.

3. A team not ready to play 10 minutes after scheduled time, forfeits. Two forfeitures eliminate a team.

4. Trophies are only given within the groups. (Fraternities, Independents, and R. O. T. C.)

5. Games shall consist of 12-minute halves with five minute rest period in between.

6. Scoring:

5 points for entry.

10 points for division winner

25 points for runner-up to Fraternity Championship.

50 points for Fraternity Championship.

2 points for winning a game.

2 points deducted for forfeit.

7. A contestant may represent only one team. Letter men and those men on the ineligible list can not participate.

## Lack of Advertising Contracts Cited as Reason for Change in Original Date of Publication

The Kampus Kat, student publication depicting local college life, is expected to make its appearance on or about March 1, according to Marvin Wachis, editor-in-chief of the "College Kitten."

The Kampus Kat, for the information of those freshman and others who have not heard of it, is published quarterly by the Sigma Delta Chi fraternity, honorary journalistic organization. In the Kat are published humorous stories, jokes, local bits of gossip, and other information and facts that cannot be found in any other magazine. There are several reasons for this.

In addition to all this, some of the space is reserved for advertising in order to defray the cost of the publication. If it were not for the advertising space sold, the Kat could not be published. This, by the way, is the cause of the Kampus Kat's ailment at present—the need of more advertisements.

The cover has been designed in a very appealing and appropriate fashion. The stories, for the most part, have been written; the jokes, puns, and wise sayings have all been "set up" and are ready for "airing." In order that these may be exposed before they become too antiquated, the advertising forces of the Kat are busily engaged in soliciting ads.

## Spanish Club Elects President

El Ateneo Castellano held its first meeting of this semester at 3 p.m., Tuesday, February 14, in the Reading room of Boyd hall. Evelyn Grubbs, vice-president, presided at the business meeting, H. F. Norrman, president of the club, having been graduated at mid-year commencement. O. B. Murphy was elected president for the second semester, the other officers remaining the same as last semester.

After the business meeting was over, program relative to Mexico was presented by members of the club. Mrs. J. W. Server showed photographs of Mexico and told interesting facts concerning each one.

## ENGINEERS HEAR BREWER

Major B. E. Brewer was the speaker at the freshman engineering collateral at 10 a.m. Wednesday in Memorial hall. His subject was "Promptness, Neatness and Courtesy."

## Really, My Dear, It Is the Dogs

(Continued from Page Two)

King," a white collie, who is related to the Coolidge dog... his owner, Doctor Allen, head of the physiology department, says that he is far from snobbish and shakes hands with almost anyone.

Professor McFarland, head of the Botany department, makes dogs his hobby. His ten diminutive Pomeranian dogs make up in number and intelligence what they are lacking in size. The roll call: Dixie, Tiny, Queen of Iridia, Meme of Iridia, Mono Rico of Iridia, Rita of Iridia, Princess of Iridia, Little Tony, and Big Tony. In appearance they are similar to little red foxes... long

sharp noses.. bushy tails.. stand ten inches from the ground and weigh only five pounds when fully grown.

"Ching," who is owned by Dean West, has the distinction of being the handsomest dog on the campus. He is a chow and will be a year old in May. He has a bushy tail which lies flat on his back like an umbrella... coloring white and dark red... has outstanding hair.

Prof. E. F. Farquhar has the "best dog of all." "Rex" is a police dog with a Von Grunegen pedigree. He shakes hands, roles over, charges heart is "constant as a polar star" .. great watch dog... color black and tan... leads all the dogs of the neighborhood.

Dean Evans' fox terrier, "Machushla," is a year-old fox terrier... sits up and begs for his food, walks on his hind legs, plays dead dog, jumps over a stick and is very fond of children and chocolates.

"Topsy," a Scotch terrier, is very friendly and fond of automobile riding... owned by D. J. Healy of the Experiment station... Professor Nollau, head of the drawing department, is the proud owner of "Sport" who is "mostly" Collie, supposed to be white, and shakes hands... then there is "Flash," police dog, who belongs to Coach Gamage, but

takes no interest in football.

"Lady," a Collie, chose her owner, Prof. E. S. Good. She shakes hands, barks at strangers, and presented the Goods with six puppies on very short notice after her arrival.

The purpose of this story is merely to keep cats off the campus.

Young moderns

About a year ago tomorrow the University of Kentucky was the proud possessor of an undefeated basketball team. They had soundly trounced the very best that the South had to offer; they led their conference; they were ceded number one for the tourney; hadn't they whipped Carnegie Tech early in the season? Weren't they victorious over Tennessee, Alabama, and Vanderbilt, and it was easy, too!

When Kentucky played Vanderbilt in Nashville, DeMoisey scored 28 points by himself, a new high scoring record for Kentucky. Nashville fans were floored. What a team!

It was the last game of an undefeated season. The Cats were playing a team they had formerly beaten with ease. It was cream in the can, the cat in the bag.

But DeMoisey got up out of a sick bed to play that game; Sale was scarcely out of bed himself; others on the team were a little foggy from fighting off the "flu," and the Vandy players, with their Ace Huggins, blistered the local floor and scorched the net in their desperation.

The sick Wildcats put up a gallant defense, and they scored point for point with the Vandy shots. Perhaps the game ended a few seconds too early, but, as the game ended, it happened to be Huggins' turn to shoot and the fates decreed that the Commodores should win that game. It literally took the heart out of the squad, for they went to Atlanta and were eliminated in the second round.

This year things are slightly different. Kentucky has tasted defeat. They know they have to stretch out to win. They are not sick (knock, knock-on wood). However, the game is going to be tough going, but you just watch the Wildcats shine.

Playing their last home game are Capt. "Aggie" Sale, Ex-capt. George Yates, Ex-capt. Ellis Johnson, and Darrell Darby. They are players of highest merit. Sale has been chosen on last year's All-American. Ellis Johnson was twice All-American and once All-southern. Yates was All-southern and Darrell Darby was All-American with Ellis.

Their collegiate play has been noteworthy. They have been ranked with the finest in the nation, which means the finest in the world, for where is basketball played any better than in the U. S. A. When they die they will have their places in Valhalla, where they can play forever and never lose.

Recently news columns carried the notice and accompanying story that once again the National Committee on football rules had completed its study of the playing code. This time they evolved but two changes—one change that will make considerable difference in next year's game, and the second change will only add to the effectiveness of a former penalty.

The first change is the elimination of the side-line play through a new zoning system. The second—a tightening of the restrictions against clipping so that this practice virtually is legislated out of the game.

The side-line play has been a bug-a-boo to the goal line marches of teams for years. In order to bring the ball into a better position, teams have been obliged to waste a down. To prevent this the committee decided to establish side-zones, 10 yards in from either side of the field. Whenever the ball becomes dead within these zones, it will be moved to a point 10 yards in from the side line, without time being called. At the same time, the committee decided that when the ball goes out of bounds it shall be brought in 10 yards from the side line instead of 15 yards as heretofore.

It is said that an average of 40 downs a game are wasted on sideline plays.

The strange thing about the second rule change is that the penalty for the offense of clipping has been reduced from 25 yards to 15 yards. This was done after members pointed out that the heavier penalty led some officials to hesitate about calling it.

M. E. Potter, head of physical education department, tells me that the faculty are all hot for bowling alleys to be installed in the gym. They are so in favor of it that there will be alleys installed during the summer ready for use next fall.

Faculty members will finance the project in return for bowling privileges, and a nominal sum will be charged students until the alleys are paid for. From that time on the only charge that will be made will be a maintenance fee. The alleys are to be regulation in every way and as good as can be obtained. The method of paying for them is the only way in depression times. No floor space will be sacrificed for the alleys. Instead, they will be

were chosen. The faculty members shall be selected in May by their respective fraternities for a one-year term.

#### ARTICLE VII

Amendments—The constitution may be amended at any regular meeting of the Council by the concurrence of three-fourths of the council. No amendment shall be considered unless recommended by the Executive Board.

#### BY-LAWS

Election of Delegates—Delegates to the Council shall be elected by their respective organizations from their active membership, and will be installed in May.

#### ARTICLE II

Meteings—The Council shall meet twice monthly from September to June, exclusive of holidays.

#### ARTICLE III

Finance—Any indebtedness under one hundred dollars incurred by a vote of three-fourths of the membership of the Council shall be shared equally by each member fraternity. Indebtedness greater than this amount shall be shared in proportion to the membership of the various fraternities. All expenditures shall require a similar vote.

#### ARTICLE IV

Quorum—Three-fourths of the active membership shall constitute a quorum.

#### ARTICLE V

Powers: (1) The Council, by a vote of three-fourths of the membership, can penalize for infringement of its rules and regulations.

(2) In the Executive Board shall be vested the power to veto any measure passed by the Council.

#### ARTICLE VI

Appeal—All appeals to the Executive Board shall be presented in writing within ten days.

#### ARTICLE VII

Chairmen—Chairmen of standing committees shall be appointed by the president.

The dispensary, opening at 8 o'clock in the morning and closing at 3 p.m., provides treatment for at least 50 students per day, and generally the records will show that on some days the average will approach one every six minutes. In fact, standing room only is frequently available in the narrow waiting room.

#### ARTICLE VIII

Among the more serious cases reported were a victim of an automobile accident, yesterday who received a large gash in his head, and a student probably ailing from appendicitis. The latter is kept at the dispensary for treatment.

#### ARTICLE IX

Headline—"German Actor to Read 'Faust' at convocation." And if he finishes in the allotted fifty minutes he probably will read Fauster and fauster.

#### ARTICLE X

LOST—Pair Glasses in green case. Return in post office and receive reward.

## Freshmen Avenge Former Defeat by Eastern, 37-32

Kittens Had Lost To Maroons Earlier in Season in Close Game

By JOE QUINN

In a rough battle that thrilled the fans from start to finish, the Kittens avenged their only defeat of the season, by trimming the Eastern Frosh 37-32, Wednesday night in Richmond, before a large crowd.

Both teams were determined to win and as a result, the game became rough soon after the contest got under way and before it was over three Easterners and one of the Kittens were banished on fouls.

Gover, Maroon center, opened the scoring in the first minute when he threw in a long shot, but Eddie Esch batted one in from under the hoop and a minute later added a clip to put the Green yearlings in the van. "Slip" Jerome scored from close and Eastern called for time. After the rest, Brown and Scott made shots to bring the Richmond team within a point of tying the score. Mester, substituting for Lewis, Jerome, and Esch combined to boost the Kitten total while Brown made a field goal and Scott and Gover made free tries, and the Millermen led at the half, 18-12.

The Easterners started off well in the second half when Gover twisted one in, and Scott made good a free throw. Storms fouled Esch who made both tries, but Brown, the main threat of the Maroons, scored five markers in short order to knot the count. From here on, the lead see-sawed back and forth

with Eastern having a little of the advantage. With about three minutes to play, Lewis made a clip to put the Kittens one point behind. Jerome went out on fouls and Mester replaced him and immediately went on a scoring spree to put the game on ice for the Green yearlings, when he tipped in a rebound and followed with two shots from the side.

The large crowd that witnessed the contest saw one of the best games to be played this year in the Eastern gym. Coach Al Portwood's Maroon charges looked like a better team than which played here earlier in the season, but the Kittens have also improved considerably since their only defeat, and showed more fight than the opposition.

The whole Kitten team performed brilliantly offensively and on the defense. The Eastern team found difficulty in sifting through for clips and were forced to rely mainly on shots from outside the foul circle. Glenn Mester displayed a keen eye for the hoop and led the scorers, although he played only part of the game.

The summary:

**Kittens (37)** Pos. (32) Eastern  
Jerome (10) ... F ..... (11) Brown  
Esch (11) ... F ..... (8) Scott  
Lewis (3) ... C ..... (7) Gover  
Anderson (1) ... G ..... (3) Parsley  
Potter ..... G ..... (3) Storms

Substitutions: Kittens — Mester (12), Arnall. Eastern — Fain, Warden, Carr.

Famous last words—"Due to the fact that you failed to make a standing of....."

## Tobacco to smoke right

has to be a different kind of tobacco from that used in cigarettes... and it has to be made by an entirely different process...

OUT in Kentucky, where they have pretty women, fast horses, and blue grass, there grows a tobacco called White Burley. It doesn't grow anywhere else in the world.

There is a type of this White Burley that is best suited for pipe smoking. It is neither too thick nor too thin. It is not light and chaffy; at the same time, it is not rank or strong. "U. S. Type 31" is the government classification for White Burley.

Since no other pipe tobacco has yet been found which seems to equal White Burley, this is what we use in making Granger Rough Cut.

Next, we use the Wellman Method, a famous 1870 method of making pipe tobacco, to give Granger its fine flavor and fragrance. Then, too, Granger is "Rough Cut"—just like they used to "whittle" their tobacco off a plug with a jack-knife. It smokes cool, lasts longer and never gums a pipe.

And finally, we want to sell Granger for 10 cents. Good tobacco—right process—cut right. So we put Granger in a sensible soft foil pouch instead of an expensive package, knowing that a man can't smoke the package.

Granger has not been on sale very long, but it has grown to be a popular smoke. Folks seem to like it.

Liggett & Myers Tobacco Co.

## FROSH TO PLAY ATHENS IND. TONIGHT

Fresh from their triumph over the Eastern F. o. h. Coach Len Miller's Kittens will meet the Athens Independents five tonight at 8 o'clock in Athens.

The Athens outfit is the same team that met the varsity "B" team here last Friday night and boasts of such stars as the McGinnis brothers, former Wildcat luminaries, Hughes, Cottrell and others.

"Little" McGinnis was the main threat of the game played here and probably will prove just as troublesome to the Kittens.

Coach Miller will use the same partment.

Friday, February 17, 1933

team that started against Eastern with Jerome and Esch at the forward, Lewis at center, and Anderson and either Potter or Arnall at guards. Mester will very likely break into the lineup at one of the forwards because of his ability to make his shots count. Both Potter and Arnall have been playing a nice game at guard and both are sure to see service. The following men will make the trip: Jerome, Lewis, Esch, Anderson, Arnall, Potter, Mester, Edwards, Dickens, Hershfield and Spicer.
